To T.G. Anderson Esq.

Sir,

We beg leave to acknowledge the recpt. of your Circular and after reading it we cannot but feel sorry to hear of the distressed state in which our white brethren in Ireland and Scotland are, but are happy to find that our great Mother the Queen, and other great people are considering their situation, though we are poor indeed and our own wants many, still we feel that we are called upon to do something towards relieving their present distress, we therefore request you to say to our great Father that we subscribe the sum of **£10** for which sum we send you a requisition, we are sorry it is not in our power to do more as our Hearts swell with grief at the thought of any of our fellow creatures dying for want of food.

We have the honour to be

Sir

Your obt. Servts.
